M<sup>r</sup> Speaker & Gent

In Answer to your Message just now rec<sup>d</sup> concerning bills I can no ways consent to it, because I think the Clause in the law is positive that the old bills should not pass after the Time therein Mention'd and I have sent Copys & Duplicates of all the Accounts & papers relateing thereto to the Right hono<sup>ble</sup>: the Lords of Trade & Plantations, and tis very Surprizeing to me that any Person or Persons should have any of the old bills by them, when publick notice was given by Proclamation agreeable to the said Law. I knô of no way to remedy them but by Petitioning his royal Majesty who is the true fountain of Justice & Mercy in this & all other his Dom<sup>inions</sup>

Orderd That the Com<sup>is</sup>sion<sup>rs</sup>: appointed by Act of Assembly for signing the Curr<sup>t</sup>: bills of this Province do forthwith lay before this house an Exact Account of the am<sup>t</sup>. of the new bills not Exchangd remaining in their hands.

Mr. William Rhett from the Com<sup>it</sup>tee of Petitions & Acco<sup>ts</sup>. made the following report which he read in his Place & Deliverd it in at the Table.

The Com<sup>it</sup>tee appointed by this hon<sup>ble</sup>. house to Examine Petitions & Accounts having considerd several matters referd to them do Report as foll<sup>os</sup>:

A Proposal of W<sup>m</sup>: Mellichamp for makeing salt in this Province

The Com<sup>it</sup>tee having examin'd the s<sup>d</sup> William Mellichamp on the Subject Matter of his Proposal are of Opinion, that the same are feazable & that the s<sup>d</sup> Mellichamp is well acquainted with the Manner of makeing salt as it is practis'd in Great Brittain, and as the bringing it to perfection in this Province.

would be the greatest benefit to the trade thereof both in respect to a fishery as well as Ocasione a great Consumption of our Provisions abroad

The Com<sup>it</sup>tee are therefore humbly of opinion and propose that a bill may be brought in, to invest the sole Property of making salt in this Province in the undertaker William Mellichamp his heirs & Assignes for such a Term of years as this hon<sup>ble</sup>. house shall think proper; and that the s<sup>d</sup> Mellichamp shall be obligd in a reasonable time to put in Execution his said Proposals & give proof thereof in such Manner as this house shall direct.

Alex<sup>r</sup>: Trench deliver'd to this Com<sup>it</sup>tee his proposals for bringing & Settling in this Province a number of good Industrious Inhabitants from Europe.

The Com<sup>it</sup>tee are of Opinion that it much Concerns the Publick Safety & Welfare of this Province that proper encouragem<sup>t</sup>. be given to all persons who are minded to Settle among us & as these proposals of M<sup>r</sup>. Trench's are layd before the Com<sup>it</sup>tee for That purpose, We have particularly examin'd the s<sup>d</sup>: Trench thereon & do humbly Report our Opinion to this Hon<sup>ble</sup>: House of the Same.

We think it reasonable that all persons whom the s<sup>d</sup>: Trench shall bring Over to Settle in this Province may be exempted from all Publick Taxes for the term of Seven Years (making the roads within their own district only excepted) & that a proper person or persons among them be appointed by his Excell<sup>cy</sup>: the Gov<sup>r</sup>., or Comand<sup>r</sup>: in Chief to Muster & Learn them the use of fire Arms but none of them to be drawn of on any Service but in cases of Publick Alarms.

We are humbly of Opinion that the Charges proposed to be payd by the Publick for the im<sup>ed</sup>iate Support of the people on their arrival & for carrying them to their Settlements will be very inconsiderable to the benefits the Country will receive by increasing it's Inhabitants The Com<sup>it</sup>tee on desiring the said Trench to explain himself upon this article were told by him, that in case it should be found that these proposalls took effect & prove of Service to the Province that he then Submitted it to the Consideration of the General Assembly to make him such amends as they shall think he merits for the great Charge he must be at to make these proposals Effectual.

The Com<sup>it</sup>tee are of Opinion that these two Articles may be provided for in a Bill which they humbly Recomend to this Hon<sup>ble</sup>: house may be brought in to encourage the s<sup>d</sup>: Alex<sup>r</sup>. Trench to prosecute these proposals & that Com<sup>iss</sup>rs. be appointed to see them duely executed.—

The Com<sup>it</sup>tee have taken next under Consideration the Representation of the Reverend the Clergy of this Province and having carefully examin'd the severall Laws referred to in the said Representation. We are humbly of Opinion that the provisional fund for making good the Dificiency w<sup>ch</sup>: may happen in the Duty On Skins & Furrs appropriated for payment of the s<sup>d</sup> Clergys Sallary is by a Subsequent Law taken away & appropriated for sinking the paper Bills in several Species there mentioned by w<sup>ch</sup>: means a great part of the Sallarys of the said clergy are left unprovided for. We therefore humbly Recomend to this hon<sup>ble</sup>:— house that suitable provision may be made in the Estimate for the ensuing year for paym<sup>t</sup>: of the dificiency of the said Sallaries: And Whereas the Sallaries of the s<sup>d</sup>.. Clergy are directed by Law to be pay'd in Proclamation money and there being no certain exchange fixed between the Value of the s<sup>d</sup>: Proclamation money & that of this Currency whereby the Value of the s<sup>d</sup>.. Clergys Sallaries may be much lessened & reduced & the intent & meaning of the Law not answered. We are therefore humbly of Opinion that the Church Com<sup>iss</sup>ion<sup>rs</sup>: may be directed to ascertain the difference between Proclamation money & this Currency as the Law directs them

March 3<sup>d</sup>. 1724.

The Clerk of the Council brought from his Excell<sup>y</sup>. the following Message together with a memorial of Coll<sup>o</sup>: John Fenwick & also a Representation of Cap<sup>t</sup>. Daniel Green setting forth the progress made in Great Britain in taking off the Ennumeration of Rice.—

M<sup>r</sup>: Speak<sup>r</sup>. & Gent<sup>n</sup>..

I have further Consider'd y<sup>r</sup>. Message concerning the changing of the old Bills & I do assure you that I will do every thing that lyes in my power to comply with any thing that you desire for the promoteing of those two Inseperables the interest of his Majesty & of this his Province therefore propose that notice be given to all persons that have any old Bills to send them to the Com<sup>iss</sup>rs: by thursday come fortnight w<sup>ch</sup>: I think they

may do as well as in a twelve Month & then the Com<sup>iss</sup><sup>rs</sup>. may have orders to keep them & get ready as many new Bills as will change them & that an humble Petition be drawn up & signed by his Majesties hon<sup>ble</sup>: Council & your selves & I shall (God willing) endeavour to get his Majesties Royall Assent thereto, by this method the R<sup>t</sup>: Hon<sup>ble</sup>: the L<sup>ds</sup>: Com<sup>iss</sup><sup>rs</sup>: of trade & Plantations will See to what Value the new Bills amount to for after this way of exchanging old Bills people may keep them for Seven years & then Desire they may be changed for new ones & give an Oppertunity to have them Counterfeited which is the Opinion of

The Committee upon perusal of the Journal of the house observe the following Resolutions.—

Nov<sup>r</sup>: 14<sup>th</sup>, 1723

Resolv'd that this house expects that M<sup>r</sup>: Yonge give a particular account of what he pays Postage for that they may be judge whether they are for the Publick Service & that this House will not pay for any Postage of Letters but what immediately relates to the Publick

And also another Resolution that as there was a premium settled for taking off the Ennumeration of Rice the house agreed to pay no money for any Charges on that account. Wherefore this Committee are of Opinion that the Sum of £18., 18., 9 charged for Postage in the account above mention'd be not allowed nor the article of £0., 15., 6 charged w<sup>ch</sup>: the Committee think is on account of the Ennumeration. The several articles amounting to £6., 12., 0 We are of Opinion should be allowed.

The Committee also Submits to the Consideration of this hon<sup>ble</sup>: house whether the Money allowed by the late Assembly on account of M<sup>r</sup>: Yonge before mention'd being £34., 3., 6 Sterling be not included in the Sum of £100 Sterling pay'd M<sup>r</sup>: Yonge by the said Assembly as appears by the Journals of this house  
June the 12<sup>th</sup>, 1723

Resolv'd that £100 Sterling be pay'd Francis Yonge Esq<sup>r</sup>. for the time of his Service since the expiration of his Agency to the time of his receiving notice of his Discontinuance.—

Pay'd on account of the Ennumeration	£22.. 01.. 0
Pay'd for French Wine	52.. 10.. 0
<hr/>	
	74., 11., 0

The Resolution of the house before remarked is Sufficient Objection against the Article of £22., 01., 0, p<sup>d</sup>: on acct: of the Ennumeration

As to the other of £52., 10.. 0 p<sup>d</sup>., for French Wine We are of Opinion should be allowed since its agreeable to a Resolution of this house

The Com<sup>it</sup>tee do further Report to this Hon<sup>ble</sup>: House the State of Money due on two Orders drawn by the late Coll<sup>o</sup>: Barnwell deceas'd on the Publick Treasurer for the use of Beaufort

One payable to William Lancaster for .....	£50., 00., 0
Indorsed on s <sup>d</sup> : Order pay'd him .....	40., 15., 0

---

Remains due..... 9., 05., 0

The Com<sup>it</sup>tee having sent for Coll<sup>o</sup>: Parris Publick Treasurer asked him the reason why the said Orders were not fully pay'd. The said Publick Treasur<sup>r</sup>. deliver'd to this Com<sup>it</sup>tee an acct: of £400.. p<sup>d</sup>., by him w<sup>ch</sup>.. was all that was appropriated for the use of the s<sup>d</sup>: Beaufort Fort by w<sup>ch</sup>: account Your Com<sup>it</sup>tee Observes that the Sum<sup>r</sup> of £8., 10.. 0 has been payd in part of the said two Orders & the Sum<sup>r</sup> of £318., 9., 0 has been pay'd by the Publick Treasur<sup>r</sup>.. to the afores<sup>d</sup>.. Coll<sup>o</sup>: Barnwell deceas'd Viz<sup>t</sup>: In Cordages & Tarr sent him £18., 9., 0 & in cash £300 We are therefore of Opinion that the Ex<sup>ors</sup> of the s<sup>d</sup>. Barnwell do lay before this Hon<sup>ble</sup>: house an acct: how the s<sup>d</sup>.. Sum of £318., 9., 0 has been Disposed of & that Provision be made in the Estimate for the ensuing Year for the Sum of £18., 10.. 0 due on the two Orders above mentioned.—

The Com<sup>it</sup>tee have also Considered the 'Petition of the Reverend Mr: William Guy & do find that the Law referred to in the said Petition is agreeable to what the Petition<sup>rs</sup>. Set forth but as y<sup>r</sup>. Com<sup>it</sup>tee are well Satisfy'd that the reasons Mr: Guy urges for his absence are just We are therefore humbly of Opinion & Recomend to the Consideration of this Hon<sup>ble</sup>: house that an Order be Signed by both Houses directing the Publick Treasur<sup>r</sup>: to pay the s<sup>d</sup>.. Mr: Guy or his Order such Sum<sup>r</sup> or Sum's of money as this Hon<sup>ble</sup>: house thinks proper during the absence of the said Mr: Guy w<sup>ch</sup>: We are informed will not exceed a twelve Month.—

Resolv'd that an Ordinance be forthwith drawn for adjourning the said Sessions.

May it please y<sup>r</sup> Hon<sup>rs</sup>.

Bucknal is not in that Office We are Constrained to return you the said Message

Thos., Broughton, Speak<sup>r</sup>:

The house being inform'd that M<sup>r</sup>. Tunley attended with a message he was Order'd to walk in & some objections arising to the receiving the said Message he was desired to withdraw & then the house took under Consideration whether they should Receive the s<sup>d</sup>.. M<sup>r</sup>: Speak<sup>r</sup>. & Gent<sup>n</sup>..

In answer to y<sup>r</sup>., Message just now receiv'd by William Cattle and William Saunders Esq<sup>rs</sup>., in relation to our former Message

by Mr: Bucknal, We did not intend anything to lessen the Hon<sup>r</sup>. of y<sup>r</sup>., House but thought it proper if you had liked our proposal at this present Juncture & the Deputy Sec<sup>ry</sup>: being wholly taken up in that Office cannot be Spared without great prejudice to the Province in general if not to the intire Shutting up that office for a time & We cannot think but Mr: Sec<sup>ry</sup>: Hart hath power to appoint Several Deputies to the several Branches of his Office as need shall require & We thought that Message Signed by Mr: Sect<sup>ry</sup>.. Hart to be a Sufficient Deputy for the Service therein mention'd & desire you will get Over a thing of so little Consequence when We are necessitated to send such persons as We can get

A little while ago I receiv'd your message of this date concerning the affair about making of Salt, I do assure you that I am very Sorry that We differ in our Opinions concerning the Bill for thô it be for the Publick good yet it is for a private Man's advantage & yet it may so happen that after he has been to the Charge of making a small quantity of Salt his Majesty may order the said Act to be Repeal'd, & when all persons are forbid making of Salt but himselfe then Query it every Inhabitant of this his Majesties Province is not prohibited of making Salt, in my own Judgement I am for having the Publick do this & other things of the like nature so that they may have the benefit & profit that may arise thereby.— I take the proposal of Mr: Trench bringing people here at the Publick charge to be of the same nature &<sup>ca</sup>: I have sent you papers concerning the same & I heartily wish that some Publick way may be found out for bringing people to this Country & for the encouragem<sup>t</sup>: of these two affairs for the bringing them to perfection suitable assistance shall be given them by

In the upper house of assembly March the 16<sup>th</sup>: 1724.

The hon<sup>ble</sup>: Allex<sup>r</sup>: Skene Esq<sup>r</sup>: a Member of this house moved for leave to bring in a Bill for founding & Erecting a Free School at the town of Dorchester in the Parish of St: Georges w<sup>ch</sup>: was granted & leave is hereby given to the said Allex<sup>r</sup>:

Skene to bring in a Bill accordingly w<sup>ch</sup>: bill being brought in was read the first time & past w<sup>th</sup>: Amendm<sup>ts</sup>:

Ar., Middleton P.—

with the above Resolution was brought the Petition of the Parish of Christ Church & also the petition of Adam Beauchamp w<sup>ch</sup>: were both read & referr'd to the Com<sup>it</sup>tee on Petitions

A Bill for founding & Erecting a Free School in the Town of Dorchester in St: George's Parish read the first time in Council & past with amendments was also brought down

The Bill to empower the Rector & Church Wardens of St: George's Parish to Sell & dispose of the present Glebe & to purchase another was read the first time & past with Amendments. The bill for Erecting a Free School was read the first time and past with amendments.

M<sup>r</sup>: William Rhett from the Com<sup>it</sup>tee on Petitions & accounts made the following Report.

Upon several matters Viz<sup>t</sup>:

The Memorial of Coll<sup>o</sup>. Fenwick praying payment out of the Treasury for a Negro man who run' away & was kill'd by an Indian

The Petition of Mad<sup>m</sup>: Margaret Johnson for payment out of the Treasury for a Negro man who ran away & was killed by Indians sent in pursuit of him, both w<sup>ch</sup>: memorial & Petition your Com<sup>it</sup>tee have examin'd & find the facts as there set forth to be true but no provision being made in the negro act for cases of this nature the Com<sup>it</sup>tee do therefore Submitt the Consideration of them to this Hon<sup>ble</sup>., house

The pétition of John Greenland attorney to Coll<sup>o</sup>: Theophilis Hastings for payment of what money is due to the said Hastings for the time he has been employ'd in the Publick Service, The Com<sup>it</sup>tee are of Opinion that the consideration of this Petition be deferr'd till Coll<sup>o</sup> Hastings returns.——

The petition of the Inhabitants of St: Helena &<sup>ca</sup>: professing the Christian Religion as by Law establish'd The Com<sup>it</sup>tee having Consider'd the said petition & examin'd an acct: annex thereto do Report as follows.

That by the said acct: it appears there has been payd by the publick the Sum' of £1000 for building a Church & parsonage house at St: Helena

That there has been also several Subscriptions given for building the said Church amounting to the Sum<sup>r</sup> of £266.. 0-0

That it appears the Sum<sup>r</sup> of £1342.,17.,6 has been expended in carrying on the building of the said Church & that the Inhabitants of that parish have paid £76:18.,6 more then they receiv'd from the Publick & from private persons.—

The Com<sup>it</sup>tee find the said Church is Still unfinished & not fitt to preach in & that no parsonage house is yet begun.

The materials wanting to finish the said Church are mention'd in the account afores<sup>d</sup>: but no estimate made made of their Charge.

The Com<sup>it</sup>tee therefore Submit the Consideration of this affair to this Hon<sup>ble</sup>: house.—

The petition of Several of the Inhabitants of Charles Town whose names are thereto Subscrib'd, complain that an old Tenement near the dock Street is a nuisance by being built on a great part of the Bay & intercepts the Com<sup>u</sup>nication between the north & South parts thereof &<sup>ca</sup>: & praying the said Tenement maybe pulled down

The Com<sup>it</sup>tee do find the allegations to be true & having examined cap<sup>t</sup>. Daniel Green who is attorney to the proprietors of the s<sup>d</sup>: Tenement were told by him that he would not Oppose removing the s<sup>d</sup>. building provided the Publick would defray the Charge & make good the damages as they should be valued. The Com<sup>it</sup>tee do therefore Report to this Hon<sup>ble</sup>: house that they are inform'd by the Hon<sup>ble</sup>: Coll<sup>o</sup>: Bull who lately made a Survey of the Town that this old Tenement stands a good way on the bay & that they find the Same may be of ill Consequence in case of an Invasion by being in the way of the passage for carrying the great Gun's from one part of the Bay to the other & are of Opinion that the said Tenement be Ordered forthwith to be pulled down in such manner as this Hon<sup>ble</sup>: house shall direct The Com<sup>it</sup>tee take this Oppertunity to observe & Recommend to this Hon<sup>ble</sup>: house that an Arch bridge of Brick be built over the Dock near this Tenement as has been directed by a Law of this Province that there may be a free Com<sup>u</sup>nication from one part of the bay to the other in case of a Warr & that the Charge thereof be defrayed out of the money now in the Treasurer's hands appropriated for the Fortifications of Charles Town—

The Com'ttee have examin'd the following accounts & are of Opinion they shou'd be pay'd & provision made accordingly in the ensuing Estimate

M<sup>r</sup>: Speak<sup>r</sup>. & Gent<sup>n</sup>..

We have perused the Estimate Yesterday Recomitted by you with the alterations & additions made by y<sup>r</sup>: house & agree to the same excepting the following articles on w<sup>ch</sup>: We have herewith sent our Opinions Viz<sup>t</sup>: It is our opinion that the Sum<sup>n</sup> on the

Estimate for arrears of the Palachucola Garrison is more than is due of necessary there having not been the number of men on pay or provision of w<sup>ch</sup>: the same is Calculated.——

That the several Officers collecting or otherwise employ'd in or about the dutys be payd out of the dutys & the next produce only to be appropriated for sinking the bills.——

That the Gent<sup>n</sup>: appointed for the Indian affairs & Garrisons may go five months in each Year & reside among the Creek Indians & transact the affairs of this Government & Visit the Garrisons in his way & the Remainder of the time he will have to transact the necessary Affairs relating to the trade in the Settlement provided that the time he stays in the Settlem<sup>ts</sup>: be in the months in w<sup>ch</sup>: the traders are Ordered down to renew their Lycences that being the Chiefest of his business & that a Suitable incouragement be given for the same

That the additional Wages intended to be given will not induce men to choose rather the Publick Service than that of the traders because as the Publick raises so proportionably will the traders do unless there be a clause to prohibit the Indian traders giving more to their packhorsemen than the wages given to the Soldiers of the Garrisons——

That building the two bridges We cannot agree to

That proper Instructions be concluded on & prepared by the Assembly for the Comanders of the Fortifications & that from time to time afterwards the Gov<sup>r</sup>: & Council add to them as necessity shall Require

Ar., Middleton P

The house reading and taking under Consideration the above message sent up the following message in answer

May it please y<sup>r</sup>., Hon<sup>r</sup>.

We agree with your Hon<sup>rs</sup>: that there ought to be no more money payd than to the Effectual men in the Garrisons but are of Opinion that the whole Sum' may be provided for & if there be any Surplus that it may be applyed towards defraying the article of Contingencies.—— We also agree with you that the Officers Concern'd in the Country Duties may Receive their Sallarys out of the next Duties as you propose

We cannot be of Opinion that the Com<sup>iss</sup><sup>r</sup>: of the Indian trade can discharge the proposed business amongst the Indians the

duty of his Office requiring great application & will take up most of his time therefore this house is Stil of the same Opinion that a fit reason w<sup>th</sup>: a Suitable encouragement be appointed to go amongst the Creeks.

We cannot reced from our Opinion concerning the raising the pay of the men employ'd in the Scouts & Garrisons & We think it will be a very great hardship upon the traders among the Indians to restrain them from giving them what they shall judge necessary to prosecute their business with fidelity——

We shall appoint as your Hon<sup>rs</sup>: desire a Com<sup>it</sup>tee of this house to meet a Com<sup>it</sup>tee of his Majesties Council to draw proper Instructions for the Comander & Fortifications as you desire

Tho<sup>s</sup>: Broughton Speak<sup>r</sup>.

The following Message was brought from the Council

Mr., Speak<sup>r</sup>. & Gent<sup>n</sup>:

We have Consider'd your message and Resolves on the third report of the Com<sup>it</sup>tee on Petitions & accounts & agree to the same excepting that part of it on Coll<sup>o</sup>: Herbert's acct: w<sup>ch</sup>: as that work was for the service of this Province thô not order'd by the General Assembly then not sitting, We are of Opinion it ought to be pay'd

The house adjourn'd til tomorrow morning eight of the Clock

Friday the 19<sup>th</sup> March 1724.

The house mett according to adjournment.

Order'd that the following message be sent to his Excell<sup>y</sup>: the Gov<sup>r</sup>: & his Majestie's Council.——

May it please y<sup>r</sup>., Excell<sup>y</sup>: & Y<sup>r</sup>., Hon<sup>rs</sup>:

The house having order'd the act for advancing the Sallaries of the Clergy & the Act for sink<sup>g</sup>: the bills to be laid before this house have & do find that by the former Law the Clergys Sallaries are directed to be paid out of the Dutys arising upon furs & Deer Skins & in case the duties on Deer Skins shall fall

Short to answer the said Sallaries the same shall be paid by the receiver general out of any other duties w<sup>ch</sup>: shall come to his hands before all orders & payments whatsoever the duties appropriated to the new Church only excepted, from whence We conclude that there is no necessity to make provision for the said Sallaries in the Estimate of the Current Year since the Treasu<sup>r</sup>., is oblig'd by the s<sup>d</sup>: act to pay the same out of any duties prefferable to any other payments & if the Treasu<sup>r</sup>: shall not pay the same in 21 days after it is due the Clergy may then maintain an Action of debt ag<sup>t</sup>: him for the same w<sup>ch</sup>: Law is now in force & neither the afores<sup>d</sup>: Clause nor any part of it repealed nor can We think that the afores<sup>d</sup>: Law for sinking the Bills w<sup>ch</sup>: was past since the former Law interfeers with the s<sup>d</sup>: Clause in any degree

By this means We shall ease this years Tax of at least three thousand pounds on that head, therefore We desire Y<sup>r</sup> Excell<sup>y</sup>: & Y<sup>r</sup>: Hon<sup>rs</sup>: will agree w<sup>th</sup>: us to direct the Treasu<sup>r</sup>. to observe the s<sup>d</sup>. Law Strictly & to pay the deficiency of the Skin duties to the Clergy out of the other dutys as the Law expressly directs.

Tho<sup>s</sup>: Broughton Speak<sup>r</sup>:

Maj<sup>r</sup> Hepworth & M<sup>r</sup>: Heyward were directed to carry the foregoing message to his Excell<sup>y</sup>: the Govern<sup>r</sup>:

The following Message was brought from his Excell<sup>y</sup> the Govern<sup>r</sup>. together with a present of several Books to the Members of this house

Mr., Speak<sup>r</sup>. & Gent<sup>n</sup>:

We have consider'd y<sup>r</sup>: message of yesterday by Coll<sup>o</sup>.. Hall & Cap<sup>t</sup>: Nicholls in w<sup>ch</sup>: We observe that in that part relating to the duties you say that you agree with us that the officers concern'd in the Country duties may receive their Sallarys out of the neat duties as We propose, when in our former message We say that the several Officers employ'd in & about the duties be pay'd out of the duties & the neat produce only to be appropriated for sinking the bills & We further observe that it is not a proposal of ours but an appropriation of what y<sup>e</sup>., Com<sup>it</sup>tee proposed as you'll find in the Estimate.

As to that part of our former message relating to the Gent<sup>n</sup>: appointed Com<sup>iss</sup>rs., of the Indian Affairs & his Duty & pro-

ceedings, We are Still of the same Opinion there being (as We conceive) no part of his duty but that of granting Lycences in the Settlement, w<sup>ch</sup>: may be done in the months of March, April or May. As to raising the pay of the Scout Men We agree to but not of men in the Garrisons, & We beleive that to restrain the traders from inticeing the Men from the Service of the Garrisons into theirs will answer the same end as advancing their Sallarys & therefore propose that it be an Instruction to the Traders that they do not upon any account whatsoever employ or entertain any person that hath been in the Service of any of the Garrisons or other publick Service until they have been thence discharged for the Space of Six Months at least.

The Bill for empowering the Church Wardens of St: George's Parish to sell their Glebe & to purchase another for the use of the Rector of the s<sup>d</sup>: Parish was read a Second time & past with amendments & sent up by Mr: Izard & Mr: Cattle.——

Coll<sup>o</sup>., Fenwick reported from the Com<sup>it</sup><sup>tee</sup> appointed to Conferr with the Council that the Council agreed they would allow the Garrison Men twelve Shillings & Sixpence  $\text{⌔}$  bushell for the Corn instead of raising the wages but that they insisted that the men inlisted in the Garrisons should not be employ'd in the Indian Trade in Six Months after their discharge from the Garrisons except such as go as principals.——

May it please y<sup>r</sup> Hon<sup>r</sup>

The Com<sup>it</sup><sup>tee</sup> of our house have reported your opinions of allowing the men inlisted in the Garrisons twelve Shillings & Sixpence for every bushell of Corn they shall make instead of

raising their Sallarys to w<sup>ch</sup>: We agree, but We cannot but be of Opinion that it will rather impeded the Supplying the Garrison with good men if they are not at liberty when discharg'd by the Publick to fall into any honest calling equal with the rest of his Majesties Subjects in this Province & the persons that serve the Public faithfully so limitted will be debarr'd the Com'on liberties & priviledges of British Subjects w<sup>ch</sup>: We think We ought not to give into, the Market house being Rotten & not worth moving We shall take that matter under Consideration at a more Convenient time

Tho<sup>s</sup>: Broughton Speak<sup>r</sup>:

May it please y<sup>r</sup>.. Excell<sup>y</sup>..—

This house having been informed that some late illegal practices have been in prejudice of his Majesties Customs comitted at Port Royall by a Vessell w<sup>ch</sup>: put in there, We desire that y<sup>r</sup>: Excell<sup>y</sup>: will be pleas'd to use such methods as y<sup>r</sup>: Excell<sup>y</sup>: shall think fitt that an Officer may be forthwith appointed for that Port to prevent the like for the future w<sup>ch</sup>: We are of Opinion cannot be effectually done without an Officer actually Residing in that place it being so farr distant from the Harbour.

Tho<sup>s</sup>: Broughton Speak<sup>r</sup>:

Mr: Hume from the Com'ttee appointed to examine the Workmen concerning the Cracks in the Steeple made the following Report

The Report of a Com'ttee appointed to examine the several Workmen who made a Survey on the Steeple of the Parish Church of St: Phillip's Charles Town

On examining the Several Bricklayers about the settling of the Steeple they say they have good reason to apprehend it will Settle no more by reason of the prodigious weight (being about a million of pounds) & the length of Time that weight has been up & according to their observation they don't perceive the Cracks to widen, but they believe the Cracks ought to be filled up with morter w<sup>ch</sup>: will soon Shew if the Steeple settles more by widening the Cracks but Mr: Smith intimated to this Com'ttee in the absence of the other workmen that his advice was that the Publick should not Lay out too much money more about the Steeple seeming thereby to doubt its Security—— The Bricklayers are of Opinion that there be no more building on the s<sup>d</sup>.. Steeple til after next September because the great raines will

try the Same but they do advise that the s<sup>d</sup>., Church should be forthwith paved round fifteen feet from the Church w<sup>ch</sup>: will prevent the rains soaking into the ground & loos'ning the foundation & they are of Opinion that if the Same be done with Bristol broad Stones it will be much better & Cheaper than Bricks.

The said Workmen inform'd this Committee that the several Gutters of the said Church are very leaky whereby the timbers of the Roof are very much damaged allready & some of the ends of the Rafters begin to decay w<sup>ch</sup>: if not timely remedied by providing leaden Gutters may prove the ruin of the whole Fabrick & they beleive fifty pounds Sterling will be Sufficient to purchase sheet lead for that purpose.——

The Bricklayers also informed this Com<sup>'</sup>tee they are of Opinion the roof of the said Church ought to be Strictly Surveyed by some able workmen the said Workmen being asked by the Com<sup>'</sup>tee what they expected for their trouble & expenses in making this Survey & Report they answer'd they deserved fifteen pounds.—— The Com<sup>'</sup>tee are of Opinion that the Com<sup>'</sup>iss<sup>'</sup>s: appointed for carrying on & finishing the s<sup>d</sup>., Church should be ordered to make a Suitable provision for securing the s<sup>d</sup>: Church according to the Report of this Committee

To which Report the house agreed.

The fourth Report of the Com<sup>'</sup>tee on Petitions & accounts was made by Mr: Rhett from the s<sup>d</sup>., Com<sup>'</sup>tee w<sup>ch</sup>: he read in his place & Deliver'd in at the table.

Resolv'd that John Salton do leave with the Clerk of this house the fair draughts of Winyaw & Cape Fear & that he be allowed £100 p<sup>ds</sup>: for the trouble & pains he has taken in sounding the s<sup>d</sup>., Rivers & making Platts of the Same

The fourth Report of Com<sup>'</sup>tee on Petitions & acc<sup>'</sup>ts: upon several matters as follows.

Upon considering the Memorial of the Com<sup>is</sup>sion<sup>rs</sup> of the Free school we find that it will be impossible to go on w<sup>th</sup>. that good work without a Present supply of Six hundred Pounds. the Money already being expended & the other 10th be loaned to purchase bricks for laying the foundation and building the Chimneys otherwise the work must stand still. On our perusing the report of the Com<sup>it</sup>tee on Indian Affairs We find they were of opinion that encouragem<sup>t</sup> should be given to any Person or Persons, that would build a fort on the Forks. w<sup>ch</sup>: we find om<sup>itted</sup> in the Indian Tradeing Bill. As we think

that it would be of great Service to this Governm<sup>t</sup> in Case of a rupture w<sup>th</sup> the Creeks, so would have added it to the s<sup>d</sup> Bill. But we understand that your house was preparing a Separate bill for that Purpose w<sup>ch</sup>: if ready we desire you would dispatch it the One Depending on the other

We want to peruse the Two draughts of Wignaw & Cape fear Rivers &c<sup>a</sup>. & desire you will let us have them returnd.

To which the following Message was drawn

May it Please your hon<sup>rs</sup>.

In Answer to your message just now reciev<sup>d</sup> relateing to the Fort to be built at the Forks. at the Allatamaha River, It is our Opinion that the building a Fort at that place is a private concern & a bill for that purpose would be a private bill. Therefore we are of Opinion that no such bill should be brought in untill some Person or Persons apply's for the same. & lays his Proposals before the General Assembly. And when such Proposals are laid before us We Shall readily give Such Encouragem<sup>t</sup>. as has been already settled and agreed upon by the Com<sup>it</sup>tee on Indian Affairs.

May it please your Excell<sup>cy</sup> & Hon<sup>rs</sup>.

This house having taken under Consideration the report of a Committee of this house who were directed to Examine several workmen who had Survey'd the Steeple on the new Church in Charlestown & finding several things recomended in & by the s<sup>d</sup> report w<sup>ch</sup>: we are of opinion will be highly beneficial to that Fabrick. we have agreed to it & desire the Concurrence of your Excell<sup>cy</sup>: & hon<sup>rs</sup>: with us thereupon & that directions may be given to the Com<sup>is</sup>sion<sup>rs</sup>. to put in Execution the Several parts of the said report.

Maj<sup>r</sup>. Thomas Hepworth was directed to bring in a bill to empower the Com<sup>is</sup>sion<sup>rs</sup>. for building the Brick Church in Charlestown to run out & Purchase a Church yard in Charles Town

The Above Message & the report of the Committee appointed to examine the Workmen who veiwd the Steeple. of the New Church in Charlestown were sent up by Mr Allen & Mr Hume.

The following report was made from the Committee of Petitions and Accounts by Mr. William Rhett.

The humble address of the Inhabitants on the West side of Pon Pon River setting forth the Inconveniences they lye under for want of a Ferry on that River & pray that a publick Ferry

may be settled at the Plantation of Mr John Parker on the s<sup>d</sup> River.

The Petition of the Inhabitants of S<sup>t</sup> Bartholomews Parish setting forth that there has been money given by the Publick for building A Church in the s<sup>d</sup> Parish; and for a Bridge over horse shoe Creek, and that there has never any been apply'd to those uses; and that, that Parish being an out Settlement the Inhabitants are much harras't by being obligd to go on Scout-ing when they apprehend Danger from the Indians——& that there being neither Bridge nor Ferry on Pon Pon river the Settlem<sup>ts</sup>. on the further side thereof will be in imēdiate danger should an Indian War happen.

The Com'ittee carefully examind into the facts of the Petitions & are of opinion there is an absolute necessity a Ferry should be establishd on Pon Pon river and that the most proper place for such a Ferry be at the Plantation of Mr. Wrixam w<sup>ch</sup> the Com'ittee are informd is about midway between the two places proposd & are of opinion that leave be given to bring in a bill for fixing the same accordingly.

The Com'ittee are informd that the Moneys given by the publick for building a Church in S<sup>t</sup> Bartholomews Parish and building a bridge over the horse shoe creek, is in Coll<sup>o</sup> Jn<sup>o</sup> Woodwards hands, who not being in Town the Com'ittee can only recommend that he be directed to give an Account thereof to this house.

That as the Estimate for the ensuing year is clos'd & the tax law pass't the Committee are of opinion that no provision can be made this year for Scouts or Rangers on the out Settlem<sup>ts</sup> of S<sup>t</sup>. Bartholomews Parish if this hon<sup>ble</sup>. house should judge them necessary and as that part of this Province is well coverd by the Palachucola Garrison the Com'ittee hope there will be no necessity this year for Scouts or rangers in those parts.

The Petition of Charlesworth Glover in behalf of Lothland McGilbray setting forth a Misfortune w<sup>ch</sup>. befell the s<sup>d</sup> McGilbray in having his cloths burn't w<sup>th</sup>. Thirty Pounds in Bills as he was going express to the Savana Garrison

The Committee can no ways think that the Publick should Bear his loss, since they believe this Misfortune proceeded chiefly from carelessness and therefore are of opinion the s<sup>d</sup> Petition be rejected

Apr<sup>l</sup>. 9<sup>th</sup>. 1725.

The house reading & considering that part of the above report w<sup>ch</sup>. relates to the Scouts The Question was put whither the Garrison at the Pallachucola fort shall be reduc't to a Com'ander & ten men

Carryd in the Affirmative

The Question was then put whether there should be seven men under the Com'and of an officer having Lieutenants pay. constantly employd to Scout and range, round the back settlements at Ponpon under the Command of a Field officer

Carryd in the Affirmative

May it please your Excell<sup>cy</sup> & y<sup>r</sup> Hon<sup>rs</sup>.

The house considering the Petition of several of the Inhabitants on Ponpon river are of opinion that they highly deserve the Care and consideration of the general Assembly. therefore we have resolvd that the Pallachucola Garrison shall be reduct to a Com'ander & ten men and that there be constantly employd to scout & range round the back settlemt<sup>s</sup> on Pon Pon River. Seven men under the com'and of a Lieutenant & to be under the Directions of a Field officer, and we desire y<sup>r</sup> Excellency & your hon<sup>rs</sup>. will agree with us in this Expedient for the safety & preservation of that exposd part of the Province, & we humbly propose that the Lieut. of the Pallachucola Garrison may have the Com'and of the Scouts and rangers. & if he refuses that the person may be appointed by the Field officer who is to have the Direction of them

Mr: Speaker & Gent<sup>n</sup>: of the com<sup>ons</sup> house of Assembly

Hon<sup>ble</sup>: Gent<sup>n</sup>:

It is with the uttmost Concern that I am obliged to send for you Concerning an Affair of Mr: John Lloyd one of your Members & I herewith give you the Deposition of Mr: W<sup>m</sup>: Tunley Clerk of the Council & Assembly Concerning him & what I have said or writt of him I will Justifye and I recom<sup>end</sup> to you to send for the Records of the Gen<sup>l</sup>: Sessions in the Crown office concerning him & his wife as likewise the Deposition made against him by the Constables of the late Charles City & Port and I have now under his hand papers to show by which it will appear what a great Lyer he is

Hon<sup>ble</sup>: Gent<sup>n</sup>: I think that he ought to Surrender up to the Gen<sup>l</sup>: Assembly his Original Instructions as likewise y<sup>e</sup>: private ones w<sup>ch</sup>: I gave him for I have an account that he made use of some part of them and Published them at the place of Ellection and he hath some Draughts Viz<sup>t</sup>: that of the Country for which & some others I paid Mr: Will<sup>m</sup>: Hammerton by Bill of Exchange 25<sup>£</sup> Sterling and he hath a Draught of this Harbour for which the man that drew it never was paid for & I think there were some others paid for by the Country, the two first I shall want to carry home with me which he ought to have left with the Hon<sup>ble</sup>: Francis Young Esq<sup>r</sup>:

His Expression on my Message „a Parcell of Nonsense“ I take to be a very high Reflection on his Majestys Hon<sup>ble</sup>: Council & my self Therefore I hope you will do us Justice in this affair

As for my own part to be a Master of Great learning I don't pretend to but I defy him and all Mankind to say that what I have writt are lyes like his & if I did not Endeavour to discharge my Duty in all respects I should Immitate him in Rogu'ry & Villany he had the Impudence Several times in Court to abuse & affront me in the face of which he told me that he would goe for Great Britain & if I would give him leave in the Ship in which I should goe. I do therefore lett him know that I intend (God willing) to Embark on board the Cleveland about the middle of May but he can't expect that I should be troubled w<sup>th</sup>: such Fellows as he is aboard the said Ship for fear some Misfortune, but I find by the List of Ships here there are Several bound for London in one of which he may take his Passage if he dare return theither

Hon<sup>ble</sup>: Gent<sup>n</sup>: I think it proper to accuaint you that I think it a Duty Incumbent upon me to be at Sev<sup>l</sup>: Courts in Order to keep peace and Quietness and keeping the Courts from being Hectored and Bullied and as his Majesty has been pleas'd to entrust his Justice and Mercy in my power by being at the Sev<sup>l</sup>: Courts I shall be the better able to distribute them. And I was willing to heal the private Causes the better to inform my self of the nature of them in case any Should come before me in Chancery.——

I had the Hon<sup>r</sup>: when Gov<sup>r</sup>: of Virginia to have all the appeals as well as Original Causes come before me and I thank God that in all of them there was but one appeal home and I sent to have it taken in short hand w<sup>ch</sup>: my freind & Correspondent (the late Mr: Perry) sent me it happen'd to be a point in Law I think upon a Statute and the late Lord Cheif Justice Holt whose Charracter is Sufficiently Known was in the Same Opinion as

Report

That upon Consideration the late injuries done our Trader by the Creeks their is an immediate Necessity to make some Provision for defending our Selves against them in Case they should to make Satisfaction or should declare Warr against us——

And that the most effectual way thereto is forthwith to Erect a Fort on the Forks of Allatamha River at the Publick Charge & to have a good Garrison fixed there which the Comittee: are of opinion may be done by a Resolution of both houses till a Law can be passed for that purpose——

That the Committee are of Opinion proper Instructions cannot yett be given Coll<sup>o</sup>: Herbert till We have y<sup>e</sup>: Cherokee talk——

That We think there is the same Necessity of sending a proper person among the Cherokees to give a talk to y<sup>e</sup>: principal Townes in each Settlement the better to prevent there entring into an Abrupt peace w<sup>th</sup>: the Creeks as well as divert any further Expectations of being assisted with white men from us

That if the Gen<sup>l</sup>: Assembly should not meet at the time when the Cherokees come to Town That then a Committee of both houses w<sup>th</sup>: his Excell<sup>cy</sup>: the Gov<sup>r</sup>: or President be appointed to receive the talk of the said Indians & to dispatch Coll<sup>o</sup>: Herbert to the Creeks & such person as both houses shall appoint to go among the Cherokees w<sup>th</sup>: such Instructions as both Houses shall direct to be given them by the afores<sup>d</sup>: Committee

Mr Speaker & Gent<sup>n</sup>: of the Com<sup>ons</sup> House of Assembly—  
Hon<sup>ble</sup>: Gent<sup>n</sup>:

His Excellency Francis Nicholson Esq<sup>r</sup>: Govern<sup>r</sup>: of this His Maj<sup>ties</sup>: Province being (in Pursuance of his Majesties Royal leave & Lycence) departed for Great Brittain the Governmt: thereof is now (according to his Maj<sup>ties</sup>: Royal Comission & Instructions) Devolved on me as the Eldest of his Maj<sup>ties</sup>: Hon<sup>ble</sup>: Council which great Trust reposed in me I shall to the uttm<sup>ost</sup> of my power faithfully discharge, not only for the Honour and Dignity of his most Sacred Majesty, but likewise for the Safety Welfare and Happiness of this his Province, And I doubt not but you will readily enter into such Measures with me as may Promote these good ends——

Gent<sup>n</sup>: It is a Perticular Satisfaction to me that I have the Honour of being well known to you all & therefore I flatter my Self, I may be looked upon as a person without any Veiw of Self Intrest & that I have nothing more at Heart then the General good of this Province,

I take this oppertunity to promise you that while I have the Honour to Preside in this Station, I shall make it my Study and readily Embrace all Oppertunitys to putt in Practice, what I can now only assure you in Words.

I Cannot help telling you that I have so good an Opinion of your Hon<sup>ble</sup>: House that it obliges me to assure you that what

of Moment shall happen during my Administrac'on Shall be Communicated to you & therefore hope you will never fail of your Assistance and good advice which (next to that of his Majestes Hon<sup>ble</sup>: Council) I shall only relye on——

Gent<sup>n</sup>: You are now mett according to your own Adjournment The design of which (I presume) is to Consult the most proper methods of Settling and Secureing the Intrest of this Province with our Neighbouring Indians the Creeks and——Cherokees, I must own to You, the Task is Difficult & this Province has long Strugled with the Various humours & Intrests of those Nations, what renders it still harder, is the power the french & Spaniards now have & are daily gaining amongst them, But as this Affair will be thróughly Represented to his most Sacred Majesty by his Excell<sup>y</sup> Francis Nicholson Esq<sup>r</sup>: so I shall not Enlarge further on this head then only to Recom'end to you, Maturely to Weigh & to Consider this Matter of so great Consequence to this Province, And to use your Uttmost Endeavours to frustrate and prevent the designs of our Enemies amongst those Indians til we can hear from Great Britain, And the more Effectually to— Accomplish these purposes, A Comittee of his Majesty's Hon<sup>ble</sup> Council will be allways ready to joyn a Comittee of y<sup>r</sup>: house

Mr: Speaker & Gent<sup>n</sup>: I have further to recom'end to you the building of a Garrison at the place commonly called the forks on Allatamaha River for the better defense of this Province (in case of a Rupture with the Creek Indians) for from this place commonly called the forks on Allatamaha River, our forces can march with much Ease against them And it is well known by long Experience that force is of more prevallency then Argument with those people

What further you may think proper to be done in this—— Sessions for the good of this Province I shall with the Consent of his Majesties Hon<sup>ble</sup>: Council readily joyn with you in.

As to y<sup>e</sup> Endorsement on Hattons Bond was in Order only to Settle the Principal and Intrest that in Case the Order Sent to you in favour of him should pass it should not be paid out of the Principal

Mr: Hargrave brought from y<sup>e</sup>: Council the following Message  
Mr: Speaker & Gent<sup>n</sup>:

In Answer to your Message Concerning Mr: Boons Order, the Reasons we sent you down for Rejecting the same were not to make you Judges whither they were Sufficient for us to debar him of what you call his Right, since we thought them so, we rather beleive that your Informations are more upon bare report that Ours, The Hon<sup>ble</sup>: Mr: Pressident Benjamin De La Conseillere & James Kinloch Esq<sup>r</sup>: Members of his Majesties Hon<sup>ble</sup>: Council having as they informed us seen a Letter from the said Joseph Boon under his own hand to the late Coll<sup>o</sup>: James Moore, wherein he acquaints him that a sett of Quackers Gentl<sup>n</sup>: in London were about Purchasing the Government & Soil of this Province, at the same time Advising him to desist from applying any further to have it under his Majesty, for that we should be happier under the Governm<sup>t</sup>: of those Gentlemen than that of y<sup>e</sup>: King. if such Proceedings were faithfully discharged the Trust reposed in him by this Province, it may be your Opinion, but not Ours.

We are well Satisfyed that what Coll<sup>o</sup>: Barnwell (appointed Agent at the same time) acquainted this Governm<sup>t</sup>: upon his return is true, that he saw a Contract for the Sale of this Governm<sup>t</sup>: Signed by Mr:—Joseph Boon in behalf of Coll<sup>o</sup>: Joseph Blake one of the Proprietors which he Assured us was in the Hands of the Right Hon<sup>ble</sup>: the Lord Townshend one of his Maj<sup>ties</sup>: Principal Secretary's of State-

When we threw of the Proprietary Governm<sup>t</sup>: it was to Serve that of his most Sacred Majesty but again to be put under y<sup>e</sup>: Governm<sup>t</sup>: of Subjects more mean and y<sup>t</sup>: by the Sollicitations of a Person that was Employed by the people of this Province, We look upon it to be a high Indignity offer'd to the Same, which if he were here he ought to be Censured for. We must inform you Gentlemen that we are in Duty bound to preferr the Governm<sup>t</sup>: of our most Sacred Sovereign before that of the greatest Subjects, And as we have the Happiness to Enjoy it we think that all Persons who shall Endeavour to deprive us of it ought to be Discountenanced.

We cant agree to the Conference you Say is Incumbent on you to insist upon the Order being Rejected, we deny it you because we look upon ourselves to have a Right to agree or

Disagree to any Order, which if you have any right to Demand or (as you say) insist upon, having a Conference upon any Matter gott over by us, then Nothing that we doe can be Conclusive but what you are pleas'd to Allow to be so.

1<sup>st</sup>: June - 1725/

May it please y<sup>r</sup>: Hon<sup>r</sup>:

We do assure your Hon<sup>r</sup>: that it is as much Our Opinion that it is for the Hon<sup>r</sup>: & Intrest of this Province that we should be mader his Majesties Governm<sup>t</sup>: as it can be yours & we are as truly Sensible of happily Instances thereof & as we never denyed that you had a Negative on our Orders so we must affirm that we have a right to desire a Conference when we think it Necessary, and we leave y<sup>r</sup>: Hon<sup>r</sup>: to Judge whither it is right in you to deny it us.

The above Message sent up by Mr: Whitaker & Mr: Heyward who also carried up the Messengers Order.

Mr: Hargrave Deputy Secretary brought the following Message Mr: Speaker & Gent<sup>n</sup>:

We are willing that Cap<sup>t</sup>: Hatton Endorse from off his Bond the Sum of £200 as a Gratuity for his Services And we are ready to Concurr with Your house in an Order for that purpose Provided he pay first the Remaining part of the said Bond being the Sum of Two Hun<sup>d</sup> & 17 Pounds two Shillings and three pence, and that the said Condition be inserted in the Body of the Order.

Order'd That Alexand<sup>r</sup>: Parris Esq<sup>r</sup>: Treasurer do forthwith demand & Receive of Will<sup>m</sup>: Hatton the Principal and Intrest of his due to the Publick that he abate in the payment of the said Bond the Sum of Two Hundred Pounds for Service done to this Province by the said Will<sup>m</sup>: Hatton and that this Order &<sup>ca</sup>:

Cap<sup>t</sup>: Butler & Mr: Ashby carried up the above Order & were directed to inform the President that there was no buissness before y<sup>e</sup>: house & therefore desired his Hon<sup>r</sup>: would be pleas'd to Ratify.

Mr: Hargrave Deputy Secretary brought the following Message & Acquainted the house that the Order in favour of Mr: Hatton was not drawn agreeable to the Opinion of his Majesties Hon<sup>ble</sup>: Council desired it might be alterd, And acquainted the Speaker

that the President required the Attendance of the house to Ratify.

Mr: Speaker & Gent<sup>n</sup>:

We do not Deny that you have a Right to Desire a Conference but that Right must be upon Matters Depending before us, & not upon those rejected by us, for any Matter by us Rejected is Conclusive and we our selves have no Right to Reassume the Debate thereof the same Sessions, for which Reason we Affirme that you had no Right to a Conference upon Mr: Boon's Order, which we had before by Message acquainted you, Wee had rejected.
